CAPABILITIES STATEMENT

Capitol Management Consulting Services Inc. (CMCS) is a SBA certified 8(a) strategic management and IT consulting firm serving as trusted advisors who support the development and implementation of innovative business and technology solutions for commercial and government clients. CMCS's in-depth expertise and diverse experience allows us to work with clients to successfully identify and address the challenges of the modern business environment. At CMCS, our clients receive the Capitol Advantage to take their organization to the next level.

CMCS leverages over five decades of industry experience to provide clients with strategy and governance, performance optimization, and technology services. Our unique approach to identifying and addressing obstacles is derived through a combination of best practices and hands on experience resulting in pragmatic solutions and quantifiable gains.

CORE CAPABILITIES

STRATEGY AND GOVERNANCE:

Capitol Management Consulting Services (CMCS) has built our Strategy practice around supporting clients with developing a vision for their organization and creating and implementing executable plans to drive them there. CMCS's Strategy practice's services are built around three pillars:

- Corporate Strategic Planning
- Customer Acquisition Strategy
- Customer Experience Strategy

Capitol Management Consulting Services (CMCS) has built our Organizational Governance practice around providing clients in all stages of growth with the ability to develop, plan, implement, and manage their governance processes and policies. CMCS's Organizational Governance practice provides a variety of services around two functional areas:

- Organizational Planning & Development
- Transformation & Modernization

PERFORMANCE OPTIMIZATION:

Capitol Management Consulting Services (CMCS) has built our Performance Optimization practice around providing our clients with the means to design, implement, and manage internal improvement efforts such that they are driven by data and fact rather than anecdotal ideas. The result is a maximized return on investment which can be measured and compared to ensure continued success. CMCS's Performance Optimization practice provides a number of services built around two primary focuses:

- Business Analytics
- Business Process Optimization

TECHNOLOGY:

Capitol Management Consulting Services (CMCS) has built our Technology practice around providing clients with full range IT management support ranging from strategic planning, to operational and execution management, to testing and outsourcing support. CMCS's Technology practice reflects the broad range of applications for technology and focuses on a variety of areas, including but not limited to:

- Enterprise Modernization
- Cyber Security & Risk Management
- Software Development & Testing
- Project/Program Management & PMO Support
- Technology Strategy, Planning, & Architecture
